HANDLING GRENADES TAKES THE KINKS OUT

(By Associated Press)
FORT BLISS, Tex., May 12.—Hurting the hand grenade in France with the Germans on the receiving end of the battery failed to put a kink in Major R. R. Neyland's pitching arm which made him famous in his cadet days at West Point. Returning from France with a record for hand grenade hits along the western front, he went into the box for the Eighth engineers here recently and struck out 24 men, which is claimed as an army record. He was credited with 24 of the 27 puts, only three of the opposing players laying wood to the ball.

GIVES PIANO RECITAL LYING ON HIS BACK

(By Associated Press)
LOS ANGELES, May 12.—Arthur F. Fuller, who has been so crippled for nineteen years that he must lie on his back, gave a piano recital here recently before a large audience. Mr. Fuller, whose bodily ailments keep him close at home to whom traveling is an impossibility, declares the inspiration of music gives him physical strength to play a recital which he gives while lying full length before the instrument.

WOMEN ENTER AS ARCHITECTS

(Correspondence Associated Press)
LONDON, April 19.—British women have scored a new triumph by securing admission to the Institution of Naval Architects as members. The vote taken by the institute on the question was 491 to 220. When the result was announced, Sir William Smith moved that women be admitted as members on equal terms with men. Sir Alfred Yarrow in seconding the motion, mentioned the case of women joiners who were employed a short time ago in building a destroyer. He said they made a "magnificent job of it," and the boat was accepted by the admiralty without a murmur. He mentioned another boat which recently attained a speed of 38.6 knots. "That," said Sir Alfred, "is the best speed yet obtained. The lines of that ship were determined partly by a young lady named Keary." The motion was carried.

U. S. SHIPS MANNED BY NATIVE FILIPINOS

SAN FRANCISCO, May 12.—For the first time in the history of the United States navy, an American destroyer and a submarine, when completed, will make their maiden trip out of here with petty officers and crew composed entirely of Filipinos. Ninety-seven Filipinos are taking the course at the Mare Island navy yard, near here, which will fit them for duty aboard the new ships. Others will come until the total complement of 114 men for the destroyer and thirty-nine for the submarine have been assembled.

The destroyer Jose Rizal, and the submarine Edo now building at the Union Iron Works here are the gifts of the Philippines to the United States navy. When they are placed in commission the Philippines will enjoy the distinction, not only that they have paid for the ships, but that they also have supplied the crews to man them.

Heretofore Filipinos have been allowed to enlist in the United States navy, with few exceptions in the Asiatic station, only as mess attendants. When the Philippines announced its gifts, an order was issued by the navy department to the commanding officer of every ship about to nominate from his crew such Filipinos as he considered desirable to form the complements for the new vessels. The boys also were allowed to make application for the assignment.

At Mare Island they are being given courses in seamanship, ordnance, and torpedo work, signaling, and infantry as well as special training in electrical schools, gas and engine school and the artificers' school for carpenters, painters, blacksmiths and coopersmiths.

The crew of the submarine will be made up entirely of volunteers. Fifteen already have spoken for this line of work and when they finish their course at Mare Island they will be sent to San Pedro, Calif., for further instruction.

The Filipinos here, many of whom have served in the constabulary service of the islands, show an adaptability to discipline, a general interest in their work and a willingness and ability to master the courses which they are taking, according to their officers.

Commander F. Root, now on duty at the Union Iron Works in connection with the completion of the Jose Rizal, the date of which is set for May 25, will command the destroyer and all other officers will be regular naval academy men. At Mare Island, the crew which is to serve under him is being prepared for its work by Captain Marcus L. Miller, retired, and Lieutenant Commander J. T. Alexander, executive officer of the training camp.

WOMAN SERVES AS INSTRUCTOR

(By Associated Press)
JUNEAU, Alaska, April 10. (By Mail)—A former Alaska girl, Miss Helene Moore, is teaching journalism to American soldiers in France, according to letters received here, her former home. The letters said Miss Moore had been named an instructor in journalism at Beaune University, the largest educational institution of the American Expeditionary forces in France.

Miss Moore graduated from the University of Washington at Seattle and later worked for a time in the Sound City. She went overseas as a butler during the war. She is the daughter of Dr. and Mrs. I. H. Moore, formerly of Skagway and Juneau.

AMUSEMENTS

KATHLYN WILLIAMS IN A SPECIAL ATTRACTION

One of the very best pictures of the year will be shown at the Butler today, in Cecil B. DeMille's special Art-craft production, with beautiful Kathryn Williams in the leading role, assisted by Theodore Roberts and an all-star cast of players. The story deals with a film star who won a Manhattan millionaire and married to Jersey City to be quietly married. Rumor had connected the tale of the young millionaire with the actress, whose husband, Peter Chester, was also rumored, had been living in association with a beautiful dancer—and for a time it was supposed this would end in a divorce and an alliance between Mrs. Chester and the young millionaire, who were childhood friends. This puts a different construction on the matter, however. What will be the result in the Chester home? What answers what? There are additional situations in this photoplay, in addition to the one alluded to, and it is certain to create a deep impression as all of Mr. DeMille's productions do. They show the "class" and in the touching of the real and the very best—from a purely entertaining and amusement standpoint. If you wish to be entertained to the mass it for this picture will be "the crowd." Added to the feature the latest Pathe News. From now, Alice Joyce in "Everybody's Girl" Ford Weekly and Muriel Aulet comedy.

Stock certificates printed and bound on short notice at this office. Timed and showing true conditions in the entire history of the motion picture business. He is at the Tonopah.
